

The CARETAG System Wins National Innovation Award

Australian based Unitech Solutions Pty Ltd wins the coveted 2019 Consensus Award for Innovation for its Community Services management application The CARETAG System. This follows the footsteps of past winners such as Atlassian and WiseTech Global.

10th May 2019 Sydney, NSW,

At a function held in Sydney last night Unitech Solutions Pty Ltd was awarded the 2019 Consensus Award for Innovation for its software solution The CARETAG System.

Designed specifically to address the challenges for service providers working in the community services industry such as NDIS and MyAgedCare, The CARETAG System demonstrated innovation, performance and potential to win the coveted award.

"The Consensus Awards have a history of celebrating some of the most cutting-edge and innovative Australian tech companies, counting world-famous firms Atlassian and WiseTech Global as former recipients...":

*Former Prime Minister **Mr Malcom Turnbull** (2017)*

The CARETAG System was designed to give clients Choice and Control when receiving consumer directed care. It is also designed to simplify the scheduling, rostering and service delivery process for coordinators and support workers in the field.

"The judges were impressed by the CARETAG System's simplicity and its versatility. It is quick to learn and simple to use and can be applied to other sectors with dispersed workforces..."

Judges Citation

Using the latest in smart card, GPS and mobile technology, The CARETAG System reduces week long admin and data collection processes into minutes.

"I am very proud of the team and the hard work they have done in making the concept and design a reality.... We tried to create something that would benefit the participants and the industry so as to improve the lifestyle and wellbeing of all Australians, creating an inclusive society.

This win indicates that we are on the right track..."

Mr Vince Iacovelli MD – Unitech Solutions Pty Ltd
